DETAILED ACTION

This is a response to Applicant's amendment files 1/15/02. Claims 44 and 45 are pending in this application. Claims 44 and 45 have been amended.

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 44 and 45 are rejected under 35 U.S.C. 112, first paragraph, as containing subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. Claims 44 and 45 lack description. The newly added proviso language in claims 44 and 45 (last few lines of the claims) is not described as such in the specification. The species which have been eliminated from the claims by the provisos have not been specifically named in the specification, the species have only been generically taught in the specification. Further, Applicants have not shown description for the phrase "pyridine at reflux temperature followed by reflux in the presence of acetic anhydride".

Response to Arguments

Applicants arguments regarding the rejections under 35 U.S.C. 102, 103, and 112 in the office action in paper number 4, sent 7/3/01, have been found persuasive.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP

Art Unit: 1626

§ 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
